

Risk Assessment Form (RA1)

Department:	Service:	Reference:
Activity: <i>Use of face coverings in Schools and Educational Settings</i> Version 6 updated 27/08/2021 <i>This update is based on the revised government guidance for schools and the contingency framework.</i>	Site: <i>Bellingham Middle School</i>	
People at Risk: <i>Staff, pupils, visitors, volunteers, parents, contractors</i>	Additional Information: guidance on completion: risk assessment form <i>Refer to existing service/ task specific risk assessments and guidance provided by the government/Public Health England and internally at NCC.</i> School Outbreak Contingency Plan Template [add link to your school's plan]	
Name of Person Completing Form: Lindsay Hamilton Job Title: Headteacher		Date: 02.09.21 Review Date: 14.09.21

This model risk assessment has been produced to assist Headteachers in making an informed decision on whether to implement, as part of their Outbreak Contingency Plan or during high levels of community transmission, the wearing of face coverings within certain areas of the school. Consideration is given to the following:

- The ages of the young people within the establishment.*
- The layout of the building.*
- the likelihood of contact with others they don't normally mix with.*
- Queuing e.g., outside classrooms, mealtimes etc.*
- Individual needs of pupils, including their ability to cope with face coverings, apply them safely or to be able to communicate effectively.*
- To assist in managing high levels of anxiety amongst pupils, parents and staff.*

The control measures within the risk assessment are monitored regularly to ensure compliance and the risk assessment is kept under review and shared with staff.

Hazard	Risk	Initial Rating L, M, H	Existing Control Measures	Final Rating L, M, H	Additional Action Required (action by whom and completion date – use separate Action Plan if necessary)
<i>Inappropriate decision to implement wearing of face coverings in school</i>	<i>All staff, pupils, visitors</i>	<i>H</i>	<p>National guidance provided by the DfE/Public Health England is applied in relation to wearing of face coverings. Any local rules implemented by the Local Action Committee/Director of Public Health for Northumberland to re-introduce the wider wearing of face coverings due to a local outbreak of Covid are followed. <i>The school outbreak management plan will be activated.</i></p> <p><i>Face coverings are worn by members of staff or visitors where they wish to do so, or during high periods of transmission.</i></p> <p><i>During periods of high transmission, parents/carers are requested to wear face coverings when dropping off/collecting pupils.</i></p>	<i>L</i>	<p><i>Perspex face visors/face shields are not an adequate substitution as they are unlikely to offer protection against aerosol transmission and therefore would need to be worn alongside a face covering.</i></p> <p><i>Out of School Settings</i></p> <p><i>Face coverings are to be used where it is a requirement of an indoor setting.</i></p>

			<p><u>Year 7 and Year 8</u></p> <p><i>Following activation of the outbreak management plan, face coverings may be required to be worn by pupils:</i></p> <ul style="list-style-type: none"> - In school corridors - When queuing outside classrooms and for school lunch. <p><i>Face coverings are worn by pupils in year 7 and above when travelling on dedicated school transport.</i></p>		
<p><i>Inappropriate use and disposal of face coverings</i></p>	<p>All staff, pupils, visitors</p> <p><i>Potential exposure to live virus resulting in contracting Coronavirus.</i></p> <p><i>Inadvertent transmission to others.</i></p>	H	<p>Schools should have a process for removing face coverings when those who use face coverings arrive at school, and for when face coverings are worn at school. This process should be clearly communicated with staff and pupils with clear instructions on how to put on, remove, store and dispose of face coverings. The process should also cover:</p> <ul style="list-style-type: none"> • Who is required to wear a face covering and when they should wear it [amend as appropriate]. • Ensuring the cleaning of hands before putting the face covering on and after taking the face covering off. Hand sanitiser is provided in classrooms and pupils are supervised in its use. • Safe storage in individual, sealable plastic bags between use. • Arrangements to prevent the use of coverings which are inappropriate, soiled, damp or damaged etc. • Where <u>disposable</u> face coverings are worn these should be put into a bin bag in a non-recyclable bin (general waste) after use. 		<p>School to maintain a supply of sealable plastic bags.</p> <p>See Coronavirus (COVID-19): disposing of waste - GOV.UK (www.gov.uk)</p> <p>World Health Organisation (WHO) - 'How to wear a fabric mask safely' video</p>

<p><i>Individuals not wearing a face covering</i></p>	<p>All staff, pupils, visitors</p> <p><i>Potential exposure to live virus resulting in contracting Coronavirus.</i></p> <p><i>Inadvertent transmission to others.</i></p>		<p><i>Parents should provide face coverings for pupils. If pupils who are required to wear a face covering forget or are unable to provide one, the school has communicated alternative arrangements to parents, such as providing a disposable or reusable face covering.</i></p> <p><i>The establishment holds a stock of disposable face coverings for use by staff and pupils where needed.</i></p> <p><i>Visitors to school wear face coverings in communal areas and when moving around school.</i></p>	<p><i>Staff will already have access to face coverings of their choice for use in the community and these can be worn in school. If for any reason staff (or pupils if relevant) don't have access to a face covering, education settings should take steps to have a small contingency supply available to meet such needs.</i></p> <p><i>Some individuals are exempt from wearing face coverings. For example, people who cannot put on, wear or remove a face covering because of a physical or mental illness or impairment, or disability, or if you are speaking to or providing assistance to someone who relies on lip reading, clear sound or facial expression to communicate.</i></p> <p><i>[transparent face coverings can be worn in this circumstance although evidence surrounding effectiveness in transmission of Covid is limited]</i></p> <p><i>The same exemptions will apply in education settings, and teachers and other staff should be sensitive to those needs.</i></p>
<p><i>Failure to communicate requirements for face coverings</i></p>			<p><i>A risk assessment has been undertaken to determine when and where face coverings should be worn. The outcome of this assessment has been communicated to all staff, pupils and parents and measures are in place to monitor and, where necessary, enforce compliance.</i></p>	<p><i>Pupils (and parents)/staff have been reminded of the importance of ensuring face coverings are worn, when needed, and handled correctly and that hand hygiene is practised before and after touching a face</i></p>

			Communications have been approved by the senior management team and issued as appropriate.		covering. This is supported by the class teacher.

Document History

Item	Nature of change	Date of Update
Activity / Additional Information	Face coverings in education guidance withdrawn. Link added to model school contingency plan.	27/08/2021
<u>Inappropriate decision to implement wearing of face coverings in school</u>	Updated guidance on when face coverings are to be implemented in school settings.	27/08/2021
<u>Inappropriate decision to implement wearing of face coverings in school</u>	Although national guidance for schools on wearing of face coverings no longer advises these are worn by pupils, the Director of Public Health for Northumberland is recommending that in areas outside the classroom, where it has been assessed that social distancing cannot easily be maintained, these continue to be worn. Schools should also continue to ask parents to wear face coverings during drop off/pick up times or other times where social distancing is difficult to maintain.	17/05/2021
<u>Inappropriate decision to implement wearing of face coverings in school</u>	From 17 May, in line with Step 3 of the roadmap, face coverings are no longer required to be worn by pupils and students in classrooms or communal areas or by staff in classrooms.	12/5/2021

[Inappropriate decision to implement wearing of face coverings in school](#)

Removal of reference to local tier arrangements and discretionary local decision by Headteacher.
Additions - updates on latest government guidance for schools. Year 7 and above, face covering recommended to be worn in classrooms (where distancing cannot be achieved). Clarification regarding use of visors/face shields.
Requirement to keep control measures under review/review risk assessment regularly.

02/03/2021

[Inappropriate use and disposal of face coverings](#)

Wording change to reflect changes in government guidance.

02/03/2021

[Individuals not wearing a face covering](#)

Wording change. Reference to transparent face coverings.

02/03/2021

[Failure to communicate requirements for face coverings](#)

Updated to reflect requirement to effectively communicate changes in the use of face coverings to staff, pupils and parents to help achieve compliance.
