

## Enrichment Homework - Summer 1 - 2024

**Year Group:** KS2

**Subject:** Music

**Link to learning:** Listen with attention to detail and recall sounds with increasing aural memory.

### **Task**

This year, we have been listening to lots of different musical instruments. Your task is to create a new, never-before seen or heard, musical instrument.

Step 1 - Think about all of the instruments we have been listening to this year. What instruments did you like and why? Brainstorm your thoughts.

Step 2 - What kind of sounds do you like to hear e.g. loud, quiet, tinkly, deep, echoey, shrill, soft, broken, grinding, scraping, melodic, rich, sweet, explosive etc.

Step 3 - Consider how the different sounds we hear are created e.g. blowing, striking, hitting, scraping, plucking, squeezing etc.

Step 4 - Begin to create a brand new, never before seen or heard of, musical instrument.

### **Expectations:**

- This design will be presented on A4 or A3 size paper
- It must be presented in colour. You may use felts, paints, materials, colour pencils etc
- Your new invention must be original
- It must have a name
- The design must show clearly how the instrument works
- It can belong to any instrumental family or a combination of more than one

If you need help with resources please ask Ms Esposito.

Please feel free to complete this task earlier and hand it in to your Form Tutor.

**DUE DATE - Monday 13th May**
